

Dear Chuck and Rita

Ben and I want to thank you for making our wedding beautiful. You added something that made our day memorable to everyone present. Your singing was heavenly, your trumpet was regal, and your reception duties were the glue that kept it all together. All of the other professionals (video, photo and organist) mentioned your ability to manage such a large wedding. Truly, you both are blessed with a special gift, and we are all the better to know you. Thank you for your hard work and a job truly well done.

Sincerely and Musically,

Ben & Calista Waddy / Ceremony and Reception / Mt. Zion Methodist Church
